Edit topic

2021 Revenue Report

There is no direct reference to a "Variance Analysis (ID 123)" report or a "Var1" expense category in the provided data extracts. The available information includes detailed sales and budget data for 2019, 2020, and 2021, broken down by SalespersonID, but does not mention "Var1" or any specific expense categories by that name. If you require a variance analysis for a particular SalespersonID or a specific line item from the budget or sales data, please specify the relevant identifier or category so I can provide a precise, data-driven variance summary using the available figures [1].

Edit knowledge

A minute ago

can you summarise the profit margin for each quarter of 2020 ?

I appreciate your query. However, after a thorough review of the **SalesData.xlsx** workbook — including the **Sales Report**, **Budget 2019-21**, and **Sales Staff Links** sheets — I must advise the following:

⚠ Data Limitation Notice

Profit Margin cannot be calculated from the available data.
Here's why:
Profit Margin = (Revenue – Cost of Goods Sold) / Revenue × 100
The workbook data contains **only the following fields**:

Available Data	Missing Data
✅ Order Date	❌ Cost of Goods Sold (COGS)

What is Available — 2020 Quarterly Budgeted Revenue

While profit margin cannot be derived, I can present the **2020 Quarterly Revenue Breakdown** from the Budget sheet as a reference:

Quarter	Months	Budgeted Revenue (Grand Total)
Q1	Jan – Mar	$1,559,834.31
Q2	Apr – Jun	$2,065,160.82
Q3	Jul – Sep	$3,250,210.95
Q4	Oct – Dec	$2,476,823.23
2020 Full Year	Jan – Dec	**$9,352,029.32**

1

Quarter-by-Quarter Breakdown Detail:

Quarter	Month 1	Month 2	Month 3	Quarterly Total
Q1	$639,737.10	$496,831.54	$423,265.67	**$1,559,834.31**
